RE: Notification by Telrite Corporation and Accxx Communications, LLC
of an Asset Purchase Agreement

Dear Sir or Madam:

On behalf of Accxx Communications, LLC ("Accxx") and Telrite Corporation ("Telrite") (together referred to as the "Parties"), this letter is to advise the Commission of an Asset Purchase Agreement whereby Telrite will acquire certain designated long distance customer accounts of Accxx (the "Acquisition").

It is our understanding, based upon review of the applicable statutes and regulations, that this transaction does not require prior Commission approval. Accordingly, absent written notice to the contrary within thirty (30) days of the date of this letter, the parties will proceed to consummate the transaction in a timely fashion.

After the transaction is consummated, those designated long distance customers of Accxx acquired by Telrite will be served by Telrite with the same services and rates as previously provided by Accxx. Accxx intends to offer both long distance and VOIP services to new customers in the State of Texas after consummation of the transaction and therefore will maintain its long distance certification in this State.

Accxx is authorized to provide intrastate, interstate and international long distance telecommunications services in 47 states. Accxx is a certificated provider of resold long distance services in this State.¹ Telrite Corporation is a Georgia Corporation which

¹ Accxx received its authority to provide long distance telecommunications services in this State pursuant to authority granted in Docket No. 2002-190-C dated 6/4/2002.

provides long distance in 48 states. Telrite is a certificated provider of resold long distance services in this State.²

The proposed transaction will accomplish the following:

The proposed transaction will serve the public interest, convenience, and necessity. Consummation of the proposed transaction will result in net benefits to the acquired customers of Accxx by creating a single, larger provider of telecommunications services, facilitating efficiencies to benefit both the customers that are acquired and Telrite's customers. The transaction will enhance Telrite's ability to offer a broader range of innovative products and services to the customers.

The customers of Accxx that are acquired will be given the opportunity to switch their service from Telrite to a different carrier. None of the customers of Accxx will experience any change in rates due to the Acquisition. To the extent that any of Accxx's rates are not presently included in Telrite's tariffs, Telrite will amend its Tariffs accordingly to include such rates. As a result, the transaction should not cause any inconvenience or confusion to the customers acquired from Accxx. Those customers acquired from Accxx who choose not to switch their service to a different carrier will receive service from Telrite.

The Commission's ability and authority to regulate Accxx and to ensure that it satisfies all obligations, commitments and regulatory requirements established by the laws of this state and the Commission will remain unchanged. Thus, there are no potential public interest concerns raised by the proposed transaction and there will be clear benefits to the public upon the closing of this transaction.

The parties are forwarding this letter to the Commission for informational purposes, to be included in the appropriate files. Absent receipt of written notification to the contrary within thirty (30) days from the date of this letter, we will proceed with the understanding that no approval or other formal action is required by the Commission prior to consummation of the proposed transaction.

² Telrite received its authority to provide long distance telecommunications services in this State pursuant to authority granted in Docket No. 2003-278-C dated 6/7/03.
